

SAMPLE: CCMG Trainees
CONFIDENTIAL Evaluation for Clinical/Laboratory ROTATION

Centre/Institution: _____

Rotation: _____

Rank the following statements on a scale of 1 to 5 on whether you agree or disagree with them as they pertain to this rotation:

0: Could not judge **1:** Strongly disagree **2:** Disagree **3:** Neither agree nor disagree **4:** Agree **5:** Strongly agree

Evaluation Scale	Could not Judge	Strongly Disagree	→	Neither Agree Nor Disagree	→	Strongly Agree
Organization of the Rotation						
The overall workload of the rotation was appropriate (if significantly disagreeing, please make comment in comment section as to if workload was too light or too heavy)	0	1	2	3	4	5
Patient-centered discussion or rounds were run in efficient manner, balancing teaching and patient care needs	0	1	2	3	4	5
The amount of “scut work” in the rotation was appropriate	0	1	2	3	4	5
The clinical material I saw provided a good exposure to the field of practice of the rotation	0	1	2	3	4	5
I was given clinical responsibilities appropriate for my level of training (if significantly disagreeing, please make comment in comment section as to whether too much or too little was expected of you)	0	1	2	3	4	5
Pedagogy						
The academic activities of the division or laboratory provided good learning opportunities	0	1	2	3	4	5
There was adequate access to internet resources and books if I needed to look something up	0	1	2	3	4	5
The bedside or clinical teaching was very good	0	1	2	3	4	5
I received my evaluation before the rotation ended	0	1	2	3	4	5
I received feedback about my performance throughout the rotation	0	1	2	3	4	5
Logistics						
There was adequate space for me to complete my work	0	1	2	3	4	5
The secretarial support was good (not relevant for laboratory rotations)	0	1	2	3	4	5
The attending staff were available for back up and consultation if needed	0	1	2	3	4	5
The rotation was arranged in such a way that I was able to attend Genetics Residency Teaching Activities	0	1	2	3	4	5
Resident-Faculty Interactions						
I felt that my contributions to the department’s clinical/laboratory activities were valued	0	1	2	3	4	5
My opinions were respected and I felt like a member of the team	0	1	2	3	4	5
Overall						
Overall this rotation allowed me to meet most of the rotation-specific educational objectives	0	1	2	3	4	5
